Master of Business Analytics

Kaplan Business School

Mar 2023 - Feb 2025

Adelaide South Australia

Bachelor of Business Administration major in Banking and Financial Management

Cebu Institute of Technology University

Nov 2011 - Mar 2016

Cebu, Philippines

EXPERIENCE

Seven Network

Account Manager

Port Pirie, South Australia | November 2025 - Present

- Manage a portfolio of regional advertising clients across the Spencer Gulf region, delivering tailored television and digital advertising solutions aligned with business objectives, audience reach, and seasonal market opportunities.
- Coordinate end-to-end campaign execution across CRM, booking, scheduling, and traffic systems while collaborating with Revenue Management, Production, and Sales Support teams to ensure accurate and timely campaign delivery.
- Build and strengthen relationships with local businesses through client consultations, campaign strategy discussions, and ongoing account management, supporting revenue growth and long-term advertiser retention.

On The Run

Retail Sales and Service Assistant

Adelaide, South Australia | April 2023 - Present

- Serves an average of over 300 daily walk-in customers, addressing inquiries, processing order requests, and facilitating transactions across multiple payment methods ensuring a pleasant and hassle-free checkout experience.
- Monitored sales performance across multiple product categories (groceries, fuel, coffee, pastry, and hot foods) by conducting gap counts, identifying fast-moving items, and supplying data to managers to inform restocking decisions.
- Reconciled sales transactions and reviewed daily cash flow using the POS system, generating sales reports, securing excess cash in the vault, and balancing registers to ensure financial accuracy and prevent discrepancies.

Converge ICT Solutions Inc

Key Account Manager

Davao City, Philippines | Jul 2022 – Mar 2023

- Attended key industry events and networking meet-ups to engage decision-makers from top corporations and government agencies, delivering presentations showcasing our diverse portfolio of premium ICT solutions such as Enterprise Connectivity, Data Center and Cloud, Network Security, and SaaS, with the aim of boosting brand visibility and generating qualified business leads.
- Acquired over 70 new logos, built a sales pipeline valued at ₱300 million (+8.5M AUD), and contributed ₱50 million (1.4M AUD) in revenue through successful negotiation and closure of subscription-based fiber service contracts.
- Managed lead intake, application tracking, and contract expirations through Salesforce while serving as the primary point of contact for client concerns—enabling timely upselling, subscription configuration and swift resolution of fault tickets.

Territory Manager

Cebu City, Philippines | Dec 2020 - Jun 2022

- Acquired over 13,000 line activations across Consumer and SME segments, generating over ₱500 million (+14M AUD) in revenue, while maintaining a churn rate below 2% and achieving an ARPU 30% higher than the company benchmark.
- Led the strategic deployment of assets and execution of targeted sales and marketing events in key areas, resulting in an average 50% penetration rate of newly activated sites and achieving 65% overall port utilization.

- Conducted weekly business reviews with 8+ sales agency partners—each with 20+ field agents—to assess performance, shape capacity building, and monitor partner profitability for business health and continuity.
- Collaborate with cross functional teams including engineering, field sales, CX center, order management, and fulfillment to improve account conversion, resolve delinquent accounts, and enhance job order dispatching, resulting in significant gains in service activation efficiency and customer experience.

Business Development Officer

Cebu City, Philippines | Mar 2020 - Nov 2020

- Analysed regional data of over 5.2 million electrified households in the Southern archipelago of the Philippines, sorting and grouping by area to adjust fiber roll out penetration targets, resulting in a 20% improvement in allocation efficiency.
- Played a key role in demand planning for the network expansion, forecasting 1.2 million ports month-on-month over a three-year period (2021–2023) to optimize service coverage, aligning capacity with market demand and growth projections.
- Analysed geospatial and economic data to identify prime areas for fiber deployment, ensuring optimal investment and network reach. From there, I worked closely with the design team to refine high-level plans into detailed street-level layouts then validating them on-site to account for real-world conditions and time based changes.

Visayan Electric Company

Project Coordinator

Cebu City, Philippines | Jul 2019– Dec 2019

- Compiled and analyzed historical maintenance data to monitor asset performance, anticipate equipment failures, identify trends impacting reliability, and recommend preventive measures to reduce downtime and maintenance costs.
- Monitored construction project timelines and milestones to proactively identify and escalate deviations, mitigating delays, as well as reviewing cost documentation and managing approvals for project addenda.
- Developed and maintained visual management boards to provide stakeholders with clear insights into project compliance progress, audit results, and key performance indicators.

Fiberhome International Technologies Phils. Inc.

Operations Analyst

Cebu City, Philippines | Jul 2018 – Jun 2019

- Facilitated the migration of 80K+ copper lines to fiber infrastructure across major cities in Metro Cebu by coordinating field technician teams and consolidating accomplishment reports for management review and preventing operational bottlenecks.
- Extracted and segmented fault ticket data from the company database to identify complaint types, then sorted tickets by aging to prioritize older issues, and clustered them by location to efficiently dispatch technicians and maintain high SLA compliance.
- Facilitated 10 technician teams, assigning and reassigning tickets, coordinating materials, and assist streamlining route deployment.

Philippine Long Distance Telephone Company, Inc.

Sales and Service Associate

Cebu City, Philippines | June 2016 – Mar 2018

- Consistently exceeded sales targets in value-added services (VAS) by effectively upselling products such as device add ons, subscription upgrades, and complementary accessories, driving increased revenue.
- Managed customer interactions including resolving technical issues and addressing financial billing disputes by coordinating with Dispatch and Finance teams, ensuring timely ticket resolution and accurate billing reconciliation.
- Tracked device returns, replacements, and warranty claims, ensuring accurate documentation, timely CRM updates, and efficient coordination to maintain inventory accuracy and prevent discrepancies.
